

7th MUNICH VASCULAR CONFERENCE 2017

... where doctors meet science

Don't
miss

December 07.-09. | Klinikum rechts der Isar | Munich | Germany

Chairman

Hans-Henning Eckstein
Munich, Germany

Co-Chairmen from Munich, Germany:

- Ingo Flessenkämper
- Michael Gee
- Rüdiger Lange
- Lars Maegdefessel
- Holger Poppert
- Markus Schwaiger
- Wolfgang Wall
- Claus Zimmer

Cutting-edge in research, imaging, and therapies for acute and chronic arterial, and venous diseases. View now:

PROGRAMME

Abstract submission until June 30, 2017

www.mac-conference.com

CAROTID DISEASES

- Update on carotid trials and registries
- Asymptomatic carotid stenosis – individualized therapy
- Asymptomatic carotid stenosis and cognitive impairment
- Emergency treatment of ischemic strokes
- Carotid plaque erosion and plaque vulnerability
- Functional imaging of the brain and the cerebral vasculature
- Prevention and treatment of vertebrobasilar strokes

AORTIC DISEASES

- Long-term results of EVAR and open repair for AAA
- International Registry for Aortic Diseases (IRAD) session
- Endovascular aortic arch repair – how far can we go?
- Imaging of the aorta – from ultrasound to finite element analysis
- Age and gender aspects in aortic diseases
- Type II Endoleaks: how to prevent, to visualize and to treat
- Genomics and proteomics in aortic diseases

PERIPHERAL ARTERIAL DISEASE (PAD)

- Trials and registries on CLI and intermittent claudication
- Angiosome directed revascularization
- Update on atherectomy and drug-eluting technologies
- Popliteal aneurysms – when and how to intervene
- Acute limb ischemia
- Imaging and translational research
- Optimal wound therapy

VENOUS SYMPOSIUM

- How to organize a venous center
- Endovenous options in primary varicosis
- Recanalization strategies in deep venous thrombosis
- Trials and registries on iliac venous stenting
- Advances in the treatment of venous ulcers

WORKSHOPS AND SEMINARS

- Innovative (endo)vascular technologies
- Seminars on clinical decision-making
- 1-day course on radiation safety
- 1-day course in vascular surgical techniques (organised by VASCULAR INTERNATIONAL, suitable as refresher course for the European Examination in Vascular Surgery)
- **ABSTRACT and POSTER SESSIONS (with prizes)**
